REMAINING 2026 COUNCIL MEETING DATES

Wednesday, October 14th, 2026

Tuesday, November 10th, 2026

Wednesday, December 9th, 2026

All Regular Meetings of Council are held in the Council Chambers of the LeRoy Administration Building. Meetings are currently scheduled to begin at 7:00pm.

NEW RESIDENTS:

Stop by the Town Office to learn about our new home/new business incentive program. Like and Follow the Town of LeRoy on Facebook and Instagram and ask us about other local social media pages to follow.

Thank you and Farewell...

Summer went by way too fast! A big thank you and farewell to our summer students:

Public works -

Dominick Upson

Anielle Dungo

Office -

Madden Martens

Recreation -

Megan Baclaan

Museum -

Addison Holowachuk

**Please use the
memo line on
E-transfers to tell
us what you are
paying for.
Ex: Tax payment for
123 Street**

NOTICE

After a trial run this summer of being closed to the public on Fridays, we have decided to continue this. It is an opportunity for staff to work on training, grant applications and updating systems and procedures. If you need assistance from Administration on a Friday, please reach out by email or phone.

PARKLAND REGIONAL LIBRARY

Wednesday
12:30pm - 6:30pm
Thursday
10:00am - 4:00pm

*Story hour will alternate
between Wednesday and
Thursday from 1 - 2pm at the
Daycare*

STREET LIGHT OUTAGE

Burnt out streetlight?

You can report a
burned out streetlight
on Saskpower's
website or let us know.

FYI:

The Town of LeRoy
pays a power bill for
our streetlights -
whether they are
burned out or not.

A MESSAGE FROM THE COUNCIL CHAMBERS:

As LeRoy looks ahead, Council continues to focus on preparing our community for growth while ensuring the day-to-day needs of our residents remain a priority. Regional development, housing, infrastructure, recreation, economic development and long-term planning all require time, expertise and careful coordination.

Over the past 18 months, residents may have noticed changes within the Town office and in how some of this work is being accomplished. In April 2025 Council hired Prairie Rising Consulting to come in and do a complete review of the Town of LeRoy and work to build 'The Path Forward'. This assessment of our staff, their capabilities, educational needs and the need for a strategic plan to move forward has caused a change in our staffing needs. As our time with Prairie Rising Consulting comes to an end in December, we would like to share some of the staffing updates with the community.

First, we would like to extend a huge thank you to Jim Puffalt of Prairie Rising Consulting for stepping in as an Acting Chief Administrative Officer for the past few months, while also working on our strategic plan and mentoring our staff.

We would like to extend a warm welcome to Lani Rae Best who is stepping into the role of Acting Chief Administrative Officer and will continue to work with and mentor our staff.

Second, many thanks to John de Gooijer who joined our team temporarily as a Chief Financial Officer. John would come to LeRoy 1-2 days per week to cover tasks such as payroll and education property tax remittances.

As we say our farewell to John, we would like to extend a warm welcome to Denise Johnson. Denise will be stepping into the role of Chief Financial Officer. Denise will be joining us approximately 1 day per week to fulfill the same duties and assist with updating some of our financial procedures.

Third, welcome to Amielle Mangulabnan, a name many of you will be familiar with. Amielle was our Office Assistant summer student last year and will be joining us full-time as an Administrative Assistant. Welcome back to LeRoy Amielle and Welcome to LeRoy Lani and Denise.

We want to maintain transparency with our residents so that you know, we have 2 full-time staff and 2 contract employees spending 1 - 2 days per week in the office.

NOTICE TO RESIDENTS UNDER THE LEROY & DISTRICT FIRE DEPARTMENT COVERAGE AREA

The LeRoy & District Volunteer Fire Department requires that any resident or individual contact the 9-1-1 dispatcher before the commencement of a controlled burn and again upon completion. A controlled burn includes, fires, grass fires, old buildings, etc. If an unreported controlled burn is responded to by the fire department, the land owner or resident will be billed at \$1,000 PER HOUR.

TO REPORT A CONTROLLED BURN, PLEASE CALL 1-866-404-4911

FIRE DEPARTMENT

EMERGENCY SERVICES

Drivers of emergency vehicles require a lot of skill, foresight and judgement to operate safely, sometimes under hazardous conditions and when a speedy response is vital.

The law in SK is that other drivers of vehicles give the right of way to emergency vehicles when lights and/or sirens are engaged. Pull over to the side of the road to let them safely pass, do not go through an intersection if an emergency vehicle is trying to get through. If an emergency vehicle is stopped on a highway (or gravel road) with lights and/or sirens engaged, drivers must slow to 60km/hr and follow any signage that emergency personnel are engaging. They may require you to stop and wait if a highway is down to 1-lane traffic. The highway may be closed and you may be directed to turn around or turn off on a secondary road.

What about in town?

When the fire hall bay doors open and trucks are leaving or returning, PLEASE stay out of their way.

Backing a fire truck into the hall is difficult enough. Having a driver of a car or truck try to duck around a fire truck makes it even harder. Please be courteous and wait, or avoid that area in front of the fire hall, when trucks are leaving or returning.

We have had several incidences in 2026 when a fire truck is proceeding forward in order to get enough clearance to back into a bay - and have a car or truck decide to quickly speed past the front or back of the fire truck before it begins reversing.

Remember - the members of your fire department are your neighbours, friends and family. Let's all work together to keep everyone safe.

HALLOWEEN

This year, Halloween falls on a Saturday. If your child attends LeRoy School, they get to dress up twice! On Friday, LeRoy School will be hosting some Halloween activities during school hours.

On Saturday we ask that those who are going out trick-or-treating do not begin before **3pm**. We would like to see this activity fall into the same time frame when Halloween is on a weekday.

With more details to come, the Haunted House will be taking place on Halloween at the LeRoy & District Heritage Museum. Watch our FB page and posters around town for further details once they are finalized.

FRIDAY

LeRoy School Halloween activities

SATURDAY

3pm - Town-wide trick or treating begins

BUSINESSES & RURAL

If you are closed on Saturday, you can drop your treats off at the Town Office and we will hand them out at the Museum.

Rural - You are welcome to join us at the Museum on Halloween to hand out treats. Please contact Amielle at the Town Office to make arrangements.

MAINTENANCE UPDATES

WIPES

The scariest thing in our pipes isn't a ghost. It's WIPES. Yes, the ones that say flusshable. They do flush, just like their advertising says. BUT - they do not break down like their advertising says, and, they are great at catching other debris along the way. When they ball up somewhere in the sewer system and trap toilet paper, tree roots, pieces of lego, chewing gum or whatever else has been flushed - you get a sewer back up in your house. When your "flushable" wipes make their way all the way to the sewer lift station, they form a pile.

This pile grows and grows and grows. Last year it was a '4' tall pile of ... well, it was a pile of gross. This year the town spent almost \$5,000 to do maintenance at the lift station, including cleaning that pile of gross out; bucket by bucket. That is best case scenario - if the wipes manage to make their way into the mechanical components, they can cause serious damage to the pumps. Use your wipes - but then trash - don't flush!

Next up: GREASE!

Grease does not stay in liquid form when you pour it down the drain. As it cools it solidifies and stick to those wipes you flushed! →

We recommend you don't google "What is a fatberg" while you are eating your lunch.

GREASE

1

SMALL AMOUNTS

Scrape and wipe.

LET IT COOL

Allow the grease to cool so it solidifies.

SCRAPE IT

Use a spatula to scrape the grease and food scraps into the garbage or compost (if accepted).

WIPE IT

Wipe the pan with a paper towel and throw it in the garbage.

2

LARGER AMOUNTS

Use a disposable container.

POUR IT

Once cooled, pour the grease into a disposable container you already have (empty can, take away container or milk carton).

LET IT SOLIDIFY

The grease will harden as it cools.

TRASH IT

Put the container in your household garbage.

3

THE FOIL TRICK

Great for leftover grease.

SHAPE IT

Form aluminum foil into a cup and place it over your drain.

POUR IT

Once cooled a bit, pour the grease into the foil.

LET IT SOLIDIFY

Allow it to harden.

LIFT AND TRASH

Remove the foil, wrap it up and throw it in the garbage.

BOARDS, COMMITTEES AND ORGANIZATIONS

LEROY COMMUNITY OUTDOOR SPACES

The Community Outdoor Spaces Committee has been hard at work prepping the ground for the multi-sport court. They have dedicated many hours this summer to watering trees and plants and maintaining the garden.

So far, this committee has raised about \$23,000. This money has come from donations, grants, even being designated drivers for 2 days for Nutrien's Mine Rodeo. The committee is always looking for more volunteers. The total cost for this whole project is estimated at about \$50,000 - they are almost halfway there.

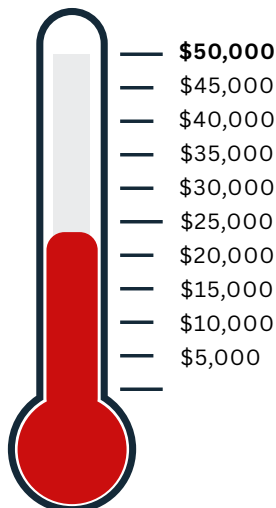

What to watch for in 2027?

A duck race at The Creek/LeRoy Leisureland and Helicopter rides

If you would like to make a donation and want a tax receipt - please make your cheques payable to the Town of LeRoy.

A few words from Sheila Lissel - founder of the LeRoy Community Outdoor Spaces:

"Let's go LeRoy! This space has been well used so far. Just watch this space grow! Thank you to everyone who has helped and donated."

LEROY MINOR HOCKEY

LEROY LEISURE LOTTO

The LeRoy Leisure Lotto is firing up for their

23rd year!!!

This year's important dates to remember:

Final date to purchase tickets:

Friday, November 20th before 8:00pm

Draw date:

Sunday, November 22nd starting at 7:00pm

Want to learn more? Be a volunteer?

Call or stop by the Town Office for more information.
